

Achilles Corporation Opens New Subsidiary in Mexico
To Expand Business in the Mobility, Electronics, and
Medical & Healthcare Markets in North and Central America.

Achilles Corporation (Head Office: Shinjuku-ku, Tokyo; President: Ichiro Hikage) has opened **ACHILLES KOHKOKU LATIN AMERICA, S.A. DE C.V.**, a local subsidiary in Mexico, in November 2025 through its U.S. subsidiary, **ACHILLES USA, INC.** (Washington, USA). Full-scale operations commenced in June 2026.

Mexico is experiencing rapid expansion in manufacturing, particularly in the mobility sector. Through the opening of this new subsidiary, Achilles will strengthen its sales and customer support capabilities in the mobility market while creating synergies with ACHILLES USA, INC., to accelerate business expansion across the electronics and medical & healthcare markets throughout North and Central America.

The new local presence will enable Achilles to provide faster, more responsive, and customer-focused products and services, further enhancing customer satisfaction.
